

USING THE MAGNIFIER

This feature is used to show screen details to an audience by enlarging the selected area of the screen. To use the Magnifier:

- ✦ Press the **SMART Board icon** (see illustration at right) on the **System Tray** which is located on the right side of the **Task Bar**.
- ✦ Press the **Other SMART Tools** option in the shortcut menu.
- ✦ Press the **Magnifier** option from the list that appears.
- ✦ Two boxes will appear on the screen (see illustration at right), a small one and a larger one.
 - ✦ The smaller box is used to select the area of the screen to magnify.
 - ✦ The larger box will show the magnified area of the screen.
 - ✦ The larger box can be left in one area on the screen while the smaller box is being moved from area to area.
