

Add Fill-in-the-Blank Questions

With this type of question, it is possible to add up to five acceptable responses for the question. The auto-grading feature is case sensitive. Therefore, it is important to be very specific about the answer for each question. When this type of question is auto-graded, all spaces and letters (capital and lower case) are taken into consideration. For this reason, you need to make sure you input all possible correct answers.

- ❖ In the **Add** list, select **New Fill-in-the-Blank Question**.
- ❖ Click the **Add** button on the right side of the window.
- ❖ The **Add Fill-in-the-Blank Question** window will display (see illustration below).
