## And the winners are...

Recipients of the 1998-99 alumni awards are: Mary Duggan Cassabon '48, Outstanding Alumni Award; Jean Agnes Klemm, OP '44, Saint Dominic Award; and Tarianne DeYonker, OP '70, Sister Ann Joachim Award. The awards will be presented this spring as part of Alumni Awards Recognition Day. ## Alumni directory planned for 2000

Siena Heights has engaged Publishing Concepts of Dallas, TX, to produce and publish a new alumni directory for distribution early in the year 2000. The directory will be Siena's first since 1988. The University will work closely with Publishing Concepts, gathering current information from graduates of all Siena Heights centers. Watch the mail for your first survey— and don't miss your opportunity to participate in this valuable networking tool. Questions? Call 1-800-982-1590 or contact Publishing Concepts by e-mail ([pciservice@publishingconcepts.com](mailto:pciservice@publishingconcepts.com)).

## Alumni info: on the web and in the (e)mail

If you haven't visited the University's web site yet (or recently), check out Siena Heights in cyberspace (<http://www.sienahs.edu>). Encourage prospective students to visit us, too; our web site offers an on-line application for admission. Coming soon: an on-line directory of alumni e-mail addresses. If you'd like to be included in that directory: (1) contact us now via the webmaster e-mail link on the web or by e-mailing the alumni office at [jhchurch@sienahs.edu](mailto:jhchurch@sienahs.edu) or (2) wait until you find the first short list on our site and respond through the link provided.

## Letters to the Editor

"As I read the *Reflections* newsletter, I pondered the changes since I left in 1973. I have sent many students to Siena over the years, including a daughter, son and daughter-in-law. All three are teachers, and I'm proud they graduated from Siena. The worry I have is that the standards just are not the same. ...the old lessons of the nuns have served me well. Your newsletter showed many of the old guard; how many do you have teaching like that today? The name change—was it worth it? Don't forget the non-trads (non-traditional students) and remember that progress does not have to trample the best practices of the past."

*John B. Irelan '73  
Pittsford, MI*

"The Siena newsletter is very interesting. Blessings. I loved the pictures of former faculty — Sister Benedicta Marie, in particular."

# Siena Heights University: *Yours, Mine and Ours!*

**I**n recent months, our marketing efforts have promoted the theme, *Siena Heights is My University*, emphasizing not only our new name but also our continued commitment to personalized education. We want each student who enrolls, at any Siena Heights location across the state, to encounter the kind of individual attention and challenge that produces strong feelings of ownership and pride. "Siena Heights is MY University!"

This issue of *Reflections* is tangible evidence that Siena Heights is, indeed, your University. We are grateful to the hundreds of people who contributed their treasure and time to Siena Heights in 1997-98: This is your university. We are overwhelmed by the willingness of alumni to reach out and share their lives through reunion notes: Siena Heights is your university. We rejoice in the efforts and achievements of students, faculty and friends, whose faces on each page remind us of the diverse community that is Siena: This is your place. We give thanks for the wisdom of the Adrian Dominicans, without whose vision there would be no Siena Heights: Most certainly, this university is yours.

One of the most rewarding aspects of events such as Alumni/Family Weekend is the opportunity to put faces with names. This year's 50th Reunion Breakfast, for example, brought me face to face for the first time with more of our "valiant women." Throughout that day, at the soccer field, under the tailgate tent, and at the Delta Lambda Chapter installation of the national sorority, Alpha Sigma Tau, I met our students' parents. Across the tables at the Las Vegas Night, more connections of names and faces occurred with our alumni. Meeting alumni, students, parents and donors— turning names into real people, with real concern and affection for Siena Heights— is the most satisfying part of my job.

As *Reflections* goes to press and a new year approaches, I encourage you to make Siena Heights *our* university in 1999. Attend an alumni gathering (we're meeting in Chicago and St. Joseph, Michigan, in mid-December) or call us and offer to host one. Contact a past professor or that friend who sat next to you in English class. Attend our concerts, plays, art exhibits, and athletic events. Support the Annual Fund. Mention Siena Heights to a prospective student.

The importance of ownership was brought home to me when I heard a conference speaker ask the audience, "When was the last time you washed a rental car?" Our university is a great legacy for generations to follow. Thank you for helping take care of it.

Rick Artman

# Supporting Siena Heights

## A Message of Thanks

From the Board of Trustees

What a great time to serve among the leadership for Siena Heights University! Enrollment is up; the budget is balanced; and gift totals are exceeding goals.

I am impressed with the numbers of persons, from all walks of life, who congratulate us on our University status and who want to know more about Siena Heights. We have sparked their interest.

I am impressed with the dedication of faculty, staff—and students—who fulfill the mission of Siena Heights: assisting people to become more competent, purposeful and ethical through a teaching and learning environment which respects the dignity of all.

And I am impressed with the caliber of strength and commitment demonstrated by our Board of Trustees who give generously of their time, knowledge, special skills, and resources. I am proud to stand with my colleagues to promote quality higher education in the tradition of the Adrian Dominican Sisters.

Last but not least, I am impressed with, and inspired by, the hundreds of graduates and friends who have chosen to support this great institution. To all of you whose names make up this Giving Report, I extend my deepest thanks.

In the spirit of Siena,

Douglas Kapnick  
Chairperson of the Board

**W**arren and Catherine Reuther of Lambertville are neither Siena Heights alumni, nor parents of Siena graduates, nor even long-time neighbors of the campus. Yet, over the last decade, they have become two of the most generous and committed supporters of the University. In 1997-98, they personally contributed \$250,000 to establish an endowed professorship, while Warren's business, Bay Corrugated Container, Inc., donated an additional \$240,000 for physical plant projects.

What inspires such generosity in a husband and wife with no obvious ties to Siena Heights? The answer is a story of serendipity and simple faith, grounded—as is so much at this University—in the enduring influence of the Adrian Dominican Sisters.

Some years ago, several Siena Heights representatives walked unannounced into the Monroe offices of Bay Corrugated, approached its owner, and asked for a donation. As it happened, another of the causes Warren Reuther usually supported had neglected to ask. Siena Heights received the gift.

Catherine Reuther recognized the Siena Heights name from her school days in Detroit, studying with the Adrian Dominican Sisters at St. Jude Elementary School. "I just loved the nuns," she recalls now. "They were so modern and fun loving in their white habits. They smiled a lot—there were no sour faces! They were good teachers, too. They helped you if you needed help." And one more thing: "They always talked about Siena Heights."

So Catherine was delighted to hear about Warren's drop-in guests, and his response to their request. The rest, you might say, is history.

"Whatever I have, was given to me by God," says Warren, explaining his and Catherine's belief in sharing their good fortune with good causes. Education is their chosen cause. "With the way the world is, we think Catholic education, or any Christian school, is the best place to send your kids," Catherine says.

"But it's not just money," says Warren, who also spearheaded a major partnership between business and education in Monroe and Lenawee counties. *Payback for Education* brings children to the workplace to see where their education might lead and takes business leaders to the schools as tutors. "You see, it's about working together to solve a problem."

The Reuthers have been identifying problems and solutions at Siena Heights ever since someone thought to ask Warren for help. "You can't do it all at once," he says. "If the problem is too big, you break it into workable pieces," which is what he did recently when evaluating needs in Siena's science division and in its physical plant. "First we have to take care of the immediate needs—wages and equipment—then focus on endowment for the long range."

It won't all happen with big gifts, either. "Whatever a person can give is welcome," says Catherine. "Anyone who graduated should *want* to give. If you've been lucky, if you've been successful, you want to give back some of the good you've received from the Lord."

The lessons taught long ago at St. Jude still resonate. The nuns would be pleased.

Siena Heights has offered undergraduate classes on the campus of Lake Michigan College since 1982. Graduate classes began in 1995. The Benton Harbor center was Siena's first degree completion program on a community college campus, and the successful partnership with Lake Michigan College established the model which Siena Heights has used effectively since then. Siena Heights at LMC enrolls a largely non-traditional student body, including many working adults whose employers assist them with tuition assistance, as well as an unusual number of

Benton Harbor staff (from left): Suzanne Trenkle, academic advisor; Deborah Carter, site director and dean of off-campus academic affairs; Marie Suzor, administrative assistant.

international students. Over the past 16 years, Siena's LMC center has graduated more than 400 alumni while serving the educational needs of changing industries in southwest Michigan.

Founded in 1919 by the Adrian Dominican Sisters as St. Joseph College for women, the college was renamed Siena Heights in 1939 and became coeducational about 30 years later. In its early years, the college primarily educated students for teaching careers. The curriculum expanded in the 1960s to include programs in business and human services. In the 1970s, Siena played a pioneering role in developing education opportunities for adult students, both in Adrian and at its first degree-completion center in Southfield. Graduate studies have been part of the Siena Heights academic program since 1957. Today's diverse curriculum includes undergraduate and graduate classes offered weekdays, evenings and weekends, meeting the needs of students of many ages, backgrounds and educational goals. The name change to Siena Heights University occurred on July 1, 1998.

Siena's degree completion centers in Battle Creek, on the campus of Kellogg Community College, and in Kalamazoo serve the educational needs of returning adult students in the south central region of Michigan. Siena Heights at KCC was established in 1992. The Kalamazoo center opened in 1996; the main office is located at Hackett Catholic Central High School, with classes offered at Hackett and on the campus of Kalamazoo Valley Community College. The Battle Creek and Kalamazoo sites are closely allied and share the same Siena Heights site director, Zadie Jackson.

Siena Heights' newest (and nearest) off-campus degree-completion center opened in 1998 on the campus of Jackson Community College. Over the years, many JCC students have chosen to complete their degrees at Siena Heights in Adrian. Siena's new Jackson Center now makes it possible for JCC students and other working adults in the area to earn a Siena Heights degree without leaving town.

## 1997-98 DONORS TO THE FATHER DAVID VAN HORN ART FUND

In honor of Father David Van Horn, C.P.P.S., Siena Heights University has established the Father David Van Horn Art Fund. Gifts to the Fund are used to provide quality art programming at Siena. As priest, teacher, and artist, Father David Van Horn has significantly influenced the lives of his students through his creative genius, his innovative instruction and his inspirational spirit. As a faculty member of Siena Heights for nearly thirty years, Father David has deepened our appreciation for the arts and has demonstrated through his way of living how powerful, yet fragile, is the human spirit. The entire Siena Heights University community is grateful for the opportunity to honor Father David by establishing the Father David Van Horn Art Fund.

"Connie Binsfeld's name has become synonymous with children's advocacy because she has done everything within her power to help children in need, from chairing the Children's Commission, to introducing the nation's first bills banning commercial surrogacy, to personally holding drug-addicted babies in her arms," Engler said. "You can measure her success by the new laws protecting neglected and abused children that are a direct result of her Children's Commission recommendations, the 95% increase in the number of adoptions in our state since she became lieutenant governor, and many other impressive statistics." Engler also noted Connie's successes as a mother, school teacher, Scout leader, legislator and community activist. She was Michigan's Mother of the Year in 1977. Only 120 women have been inducted into the Hall of Fame since it was founded.

## 50th Class of '48

**Margaret O'Gallagher Audy** lives in Clearwater, FL, with "the man of my dreams, Bob Audy, to whom I have been wed these past 48 years." They have two children and five grandchildren. Before retiring to Florida, Margaret was very involved in parish activities, including serving as president of the Women's Club, singing in the Queen of Apostles Choir, and working as organization services chairperson of the Vicariate of the Archdiocesan Council of Catholic Women.

**Anastasia Evelyn Capoun** of Toledo notes, "Siena was the beginning of a very rewarding social work career" that began at Catholic Charities and continued through many years at St. Vincent Hospital and Medical Center (SVMC). She established and directed St. V's medical social work department, which served as a model for other NW Ohio health-care institutions, and saw St. V's through the establishment of an open door policy for treating alcoholism and drug abuse, development of treatment standards for child and elder abuse, and the advent of Life Flight and the social

work dimensions of treating victims of trauma. She retired in 1984, having received numerous social work honors including a Distinguished Service Award for Outstanding Contribution to the Field of Welfare (1968) and an Outstanding Health Professional of the Year Award (1975). Since retirement, Evelyn has stayed active as a volunteer with SVMC Guild/Auxiliary, SVMC pastoral care department, a neighboring nursing care/rehabilitation facility, and her parish church. "My sister Ann and I are the only surviving members of our immediate family, but we are anxiously awaiting the birth of Ann's 9th grandchild."

**Mary Duggan Cassabon** of Eastpointe was surprised to learn, at the Alumni Weekend Presidents' Luncheon, that she is this year's recipient of the Outstanding Alumni Award. She will receive the award this spring. Mary enjoyed a very successful kindergarten teaching career, including serving as president of the Detroit Kindergarten Association. She also co-founded the Young Child Religion Program 33 years ago at St. Veronica's and has taught kindergarten religion classes there ever since. Mary and her husband, Bill, are very active in their church. They also love to travel, including an annual February stay in Florida and a June visit to Crystal Lake. Mary and Bill

have one son, two daughters, and two grandchildren.

**Beatrice Krippene Conklin** of Bloomfield Hills taught in the public schools for 40 years, during which time she also earned a master's degree in early American history. After retirement, she taught three years at the college level, "which I loved. However, a recurrence of cancer and the subsequent treatments meant that I could not be reliable, so I reluctantly resigned from my college teaching." Undaunted, she fulfilled a lifelong dream in July, celebrating her 71st birthday by

making a parachute jump. "It was great! We have taken a hot-air balloon ride which was wonderful, but this was much more exciting, though of considerably shorter duration!"

Bea and her husband, Bob, had three sons: Tim and Terry "who keep us on our toes," and Kevin, who died tragically at age 26. Volunteer commitments have included the Detroit Institute of Arts, a local Citizens Watch, and St. Hugo of the Hills church. Bea adds, "I am the official knitter of baby afghans in our large extended family. I am an avid reader of all literary genres and have to start my day with coffee and the Wall Street Journal. I enjoy gardening, Detroit Tiger Baseball games, cooking and a variety of musical events. The years since June 1948 have been rewarding and wonderful. The most I could ever wish would be to have many more of them."

**Therese Craig, OP** (formerly Sister Rose Terrence) of Adrian entered the Adrian Dominican Congregation at the end of her freshman year and graduated with her own class in 1948. She taught in Michigan and Illinois elementary schools for four years, in Congregation high schools in Detroit for 14 years, and at Siena Heights for 10 years. She subsequently spent 17 years at the University of Alberta, Canada, training secondary education teachers. Returning to the states, "I was led to a new ministry in Spiritual Direction and in leading workshops in Journaling and Dreamwork."

Valiant women of '48 at the 50th Reunion Breakfast: (seated, from left) Dorothy Noetzel Sullivan, Mary Duggan Cassabon, Evelyn Capoun, Mary Conway Mullins, Kathryn Rink Suydam; (standing) Mary Kershner Van Tuyle, Rosemary Dorr, Beatrice Krippene Conklin, Frances Bock Nowakowski, Ruth Wagner Schieltz. Also: Alice Miller Swartz, upper left corner.

**Rosemary Dorr** of Clinton Twp. went to work after graduation as a foster care/adoption worker for St. Vincent de Paul child care agency in Detroit. Five years later she followed her second interest, writing, and began a journalism career that included 13 years with a publishing company and 26 years with *The Detroit News*. At the *News*, she first wrote the Experience Column, then a consumer problems column, and, beginning in 1987, the weekly "A Child is Waiting" column. "Once again, I was visiting foster homes, interviewing children, working with agencies, all for the purpose of finding adoptive families for hard-to-place children." Although she retired from her full-time job in '92, she still writes "A Child is Waiting" each week. Never involved in athletics as a student, Rosemary discovered sailing, skiing, mountain climbing and horseback riding after graduation. "And 'chronologically gifted' though I am, I still downhill ski (in eight years I can ski free at Alta!). I still climb mountains, but not as high. And I still ride my favorite horse each week, with fond Siena memories of horseback riding with Father Dorsey." Church and volunteer work, travel, theatre, friendships and family activities "this and more have filled my time and heart."

**Marie Berthiaume Frappier** and her husband, Bob, a general practitioner, retired to Las Vegas, NV, after "35 good years" in Clio and Flint. They return to Michigan each year, spending summers on Marquette Island in the Upper Peninsula. Their three children live in Michigan, Ohio and Las Vegas, with a total of nine grandchildren and one great-grandchild. Marie had bypass surgery in '85 "but for the most part it has been a very fulfilling, satisfying life. Fun, too!"

**Estela Cintron Kuptzin** of New London, CT, first taught home economics in Puerto Rico, then moved with her husband, Albert, to New York City, where she substitute taught and worked as a translator in the Empire State Building. In 1953, they moved to Connecticut where Albert worked as a nuclear designer for Electric Boat. After her sons were in school, she returned to education, teaching 4th grade for 21 years until she retired following Albert's stroke. "Even though I missed the classroom, I never for a moment regretted having to quit my job and stay home with my husband for the last two years of his life."

I'm now doing substitute work two or three days a week. It keeps me busy and active." She enjoys visiting her two sons and three grandchildren and traveling. "In February, I'm looking forward to a trip to Israel and I can't wait to walk through the land of Jesus."

**Mary Conway Stonehill Mullins** (a three-year member of the Class of '48 who graduated in 1954) of Eastpointe has had "a wonderful, sad, wonderful life." Then came daughter Catherine, named after St. Catherine of Siena. The 11 children (and 13 grands) now live in Michigan, Illinois, Tennessee, Alabama and Canada. Through the years, Mary has been very active in the church, helping to organize Citizens for Decency through Law, an anti-pornography group; working as a Eucharistic Minister and Lector; joining the Divine Mercy Group, and making a Cursillo retreat. She also has visited Rome, Lourdes, Lisieux, and Knock, Ireland.

**Frances Bock Nowakowski** and her husband, Al, live in Avoca "on the same farm that provided a warm home to 10 children, 23 exchange students, in-laws, and many friends. Our 40 acres presented lots of gardening, recreating, camping, celebrating, 4-H and church work." Frances taught school for more than 20 years, beginning when she was asked to help with an overloaded class at a Catholic elementary school. Later, she taught high school mathematics in the

public schools. She also was a 4-H leader and a regent in her Daughters of Isabella church organization. Today, she and Al "spend summers in a house full of people. Winters find us in Florida, enjoying the sunshine and another extended family."

**Rita Binsfeld O'Connor** writes: "I haven't done anything remarkable. Did some traveling overseas with my husband's work, did church work, etc. It looks like, after law office work and Charlie and I were married, our main accomplishment was having and raising 11 beautiful children. Fortunately for us, all but one live in Michigan, most of them in northern Michigan." With 22 grandchildren, they never lack for parties and fun. "We've had our ups and downs but the sense of humor and faith He gave us always pulled us through," Rita says. "We consider this time of our lives as bonus time. It's still Charlie and me, 50 years married."

**Theresa O'Reilly** of Erie, PA, had a varied career working: as a writer at the Catholic Courier Journal in Rochester (NY), in the library at St. John Fiske College in Rochester, as a writer and columnist for the Buffalo (NY) *Evening News*, as an activist at a social service agency, and as a landlord and buyer/rebuilder of houses. After her divorce, she worked at the State Employment office. "My four children and three grandchildren are my job these days, followed by gardening, both in my up-

Sally and John live in Indian River and love the north country. Sally knits and makes latch hook rugs and, having survived two cancer bouts, "looks forward to many happy years."

**Bette Jaminet Rowe** retired in 1991 after 40 years of rich and rewarding work teaching kindergarten; but she continues to volunteer at the St. Clair elementary school where she worked for many of those years, and where her daughter now teaches kindergarten. Bette and her husband, Al, live in East China in the Marine City area in a home they built on the St. Clair River in 1965. A prairie has reappeared with plants not seen here for hundreds of years." Ruth spent 31 years in education. In addition to her career and rearing four children, Ruth's hobby has been researching family ancestry. "I have published five family history books; the last of which was over 600 pages of information. We even attended a family reunion with 5th cousins in Belgium."

**Alice Miller Swartz** of Perry lived for a few years in Arizona after marrying her husband, Lee, but returned to Michigan in the '50s to raise eight children, now four teachers, a doctor and three with other specialties. Alice retired in '94 after 20 years as a hearing specialist for the Shiawassee County Health Department, and now spends time with family, friends and volunteer church activities.

**Mary Kershner Van Tuyle** and her husband, Willard, live in Bay City. "After raising two sons, with all the volunteer work that goes with that, I moved on to the volunteer work I enjoy the most: fine arts. For about 20 years, I did a lot of weaving and won quite a few awards. For the past nine years, I've been designing and making clay sculptures. My specialty is raku, a special firing technique with lots of surprises!" Son Gregory is a nuclear engineer at Los Alamos (NM) National Laboratory; son Jeffrey is vice president of marketing for Serta Mattress in Chicago.

**Bernadine Maginsky Weeg** married Martin in 1949 and "spent the next 30 years giving birth to and raising eight children (6 boys, 2 girls) and moving: 11 different addresses in Davenport, IA, Cheyenne, WY, Boulder and Denver, CO, Rochester, NY, Orlando, FL, and back to Rochester" where she lives now. Martin died of cancer in '83. Bernie retired in '89 after 12 years as secretary for the U. of Rochester Pediatric Residency program. "Since then I've been making up for the many years of going only to church, the supermarket and PTA meetings. I started with a 5-countries-in-9-days bus tour of Europe, then discovered Elderhostels and have been to 11, the best one being two weeks of painting in Wales in sight of Mt. Snowdon." She has renewed her love of art (painting and drawing) and has won awards and sold paintings. She also writes for Christian magazines and is very active in "an affirming, post-Vatican II parish."

She stayed in Minneapolis for nine years, venturing into the business world of TV (sales assistant), advertising (media buyer), and American Express (customer service representative). A return to Michigan brought her back into the Catholic school classroom, where she taught until accepting an offer from the Dallas Public Schools. The sad part of these last years, however, came most unexpectedly when I had a heart attack at the age of 41, followed three months later by another (minimal) heart attack and then open-heart surgery. Working for the federal government has given her "some wonderful opportunities" including a five month stint living and working in Washington, DC. **Cynthia Willet Kojima** teaches English conversation in Japan, where she and her husband have lived since 1996. “Thank goodness I learned people skills in the counseling program (‘95/MA) and business knowledge in the business administration program because I teach people in all walks of life and of all ages. The most fun is in teaching 94 nursing students to say ‘how are you feeling’ with *feeling* and, in the same day, telling worried salarymen that they should *spend* their yen instead of hiding it in the bank if they want to save Japan! Believe it or not, there are many reminders of Michigan in this area. Michigan is the sister state of Shiga (my prefecture) and my city, Otsu, is the sister city of Lansing. Of course, because of the Moriyama-Adrian relationship, I am invited to participate in many of Moriyama’s official receptions. I also try to help the Adrian and Hawaiian exchange students to Moriyama when they have difficulties adjusting to this lifestyle.”

**Janette Misiak Landis (DET)** lives in Troy and does project management consulting with EDS.

**Julie Ann Fisher-McLaughlin** of Monroe is a social worker for the Monroe Family Independence Agency (DSS) where she has worked since May 1994. “In May ‘96 I married Nicholas McLaughlin ‘94. In December ‘97, I graduated from Siena with a master’s in counseling. I’m expecting my first baby (girl) in November ‘98. Hope to take some time off to be with the baby, but

plan to return to FIA. Nick works at Delta USA Corp. as a computer-aided designer.

Summer travel included the Smokey Mtns. and Atlanta. Duane enjoys maintaining his great-grandmother’s 1925 Model T.

**Kim Rector** of Toledo has been teaching computers and science at Erie Mason Junior High for five years. “In my ‘spare’ time I coach girls varsity swimming, JV volleyball, JV softball, science olympiad, and make a junior high yearbook. I still enjoy volleyball and softball whenever I get the chance.”

**Deborah Regal** writes from Pinckney: “My children are growing faster than I ever imagined. My eldest, JR, is a junior at UC/Berkley; Justin has started his sophomore year in engineering at UM; Josh at 16 is a new driver; while Jacob and Jill are buzzing about their middle school activities. As coordinator of the middle school Alternative Program at COPE, I continue to teach students expelled from school due to possession of weapons, drugs or arson-causing devices. Current plans for

an expansion of services to include two multi-age groupings (8-10 and 11-13) with a more proactive intervention component have me excited. Educational endeavors include my decision to pursue an endorsement to teach students with emotional impairments; I’m enrolled in graduate school at EMU. Since 1992, I have been an associate of the Adrian Dominicans. The issues surrounding globalization and debt burdens for poor countries are those to which I am devoting much attention these days.”

**"Our 50th reunion was the best ever. We loved the entire set-up, but most of all the reunion of our classmates, teachers and friends. I'm so glad to have been a part of this super school and to be left with so many memories."**

# Alumni / Family Weekend '98

**"What a joy it was to return to Siena after 25 years. I cannot tell you how proud I was to have been a part of such an academically superior institution! I was very impressed at the growth, the outstanding additions, the superb and caring faculty that I met — all the while feeling a strong sense of Christian kindness and caring that had not changed at all since 1973."**
