CRIME REPORTING

Siena Heights University Department of Public Safety encourages anyone who is the victim or witness to any crime to promptly report the incident to Public Safety when the victim of a crime elects to or is unable to. Because Siena Heights University cooperates with local law enforcement no crime reports can be held in confidence. All reports will be investigated. The University does not have procedures for voluntary, confidential reporting of crime statistics. A local system for confidential criminal reports can be made to Lenawee County Crime Stoppers at 517.266.6161. Siena Heights University Public Safety works with campus pastoral counselors and campus professional counselors to inform, when deemed appropriate, their clients how to report crimes or criminal activity.

Criminal Activity Off Campus

When a Siena Heights University student is involved in an off-campus offense, Siena Heights University Public Safety Officers may assist with the investigation in cooperation with local, state, or federal law enforcement. The Adrian Police Department routinely works and communicates with campus officers on any serious incidents occurring on-campus or in the immediate neighborhood surrounding campus. Siena Heights University does not have any off-campus housing or off-campus student organization facilities. Officially recognized student organizations do not own or control any property so there is no need for and no monitoring of criminal activity. While the Adrian Police Department has primary jurisdiction in all areas off campus, Siena Public Safety Officers have direct communication with the local authorities to facilitate rapid response in any emergency situation.

CRIME STATISTICS — 2022 • 2023 • 2024

Siena Heights University has multiple locations. The main campus is located in Adrian, Michigan. The Jackson, Monroe, Lansing, Dearborn, and Battle Creek centers are located on host campuses which have their own public safety. Each host campus provides its own Right to Know Act statistics, which include any crimes that may have been related to the Siena Heights University centers. The following data is for the SHU program only, not the entire host campus (except Adrian and former Southfield campuses). For complete statistics for the degree completion centers please contact their public safety departments (numbers provided in the emergency services section of this book).

DEFINITIONS:

Aggravated Assault: An unlawful attack by one person upon another for the purpose of inflicting severe or aggravated bodily injury. This type of assault usually is accompanied by the use of a weapon or by means likely to produce death or great bodily harm (Clery).

Arrest: Person processed by arrest, citation or summons (Clery).

Arson: Any willful or malicious burning or attempt to burn, with or without intent to defraud, a dwelling house, public building, motor vehicle or aircraft, personal property of another etc (Clery).

Burglary: The unlawful entry of a structure to commit a felony or a theft (Clery).

Campus: (1) Any building or property owned or controlled by an institution within the same reasonably contiguous geographic area and used by the institution in direct support or, or in a manner related to, the institution's educational purposes, including residence halls; and (2) Any building or property that is within or reasonably contiguous to paragraph (1) of this definition, that is owned by the institution but controlled by another person, is frequently used by students, and supports institutional purposes (such as a food or other retail vendor) (Clery).

Category of Fire: for HEA purposes, there are three categories of fire: Unintentional Fire: A fire that does not involve an intentional human act to ignite or spread fire into an area where the fire should not be. Intentional Fire: A fire that is ignited, or that results from a deliberate action, in circumstances where the person knows there should not be a fire. Undetermined Fire: A fire that is ignited, or that results from a deliberate action, in circumstances where the person knows there should not be a fire (Clery).

Cause of Fire: The factor of factors that give rise to a fire. The causal factor may be, but it is not limited to, the result of an intentional or unintentional action, mechanical failure or act of nature (Clery).

Consent: Must be informed, freely given and mutual. If coercion, intimidation, threats or physical force are used there is no consent. If a person is mentally or physically incapacitated or impaired so that such person cannot understand the fact, nature or extent of the sexual situation, there is no consent: this includes impairment or incapacitation due to alcohol or drug consumption, or being asleep or unconscious.

Inducement of incapacitation of another with the intent to affect the ability of an individual to consent or refuse to consent to sexual contact almost always, if not always, negates consent. Silence does not necessarily constitute consent. Whether a person has taken advantage of a position of influence over an alleged victim may be a factor in determining consent (Siena).

There are four different ways in which a person is unable to give consent with regard to criminal sexual conduct according to the Michigan Penal Code:

1. The person is underage. In the State of Michigan, the age of consent is 16. People who engage in sexual activity with children who are underage can be charged with statutory rape, which is also called criminal sexual conduct in Michigan. Even if a person under the age of 16 has agreed to a sexual relationship or has pursued the act, the defendant can still face criminal charges.
2. The person is intoxicated. A person who has consumed too much alcohol is unable to give consent to sexual activity. Researchers have found that alcohol facilitated rape is the most common form of sexual violence against women.
3. The person who has a developmental disability. According to the Michigan Penal Code, a developmental disability is defined as a person has an impairment of the general intellectual functioning or adaptive behavior that originated before they were 18 years of age, continued since it was first originated, constitutes a substantial burden to the impaired persons' ability to perform in society. That could include individuals with cerebral palsy, epilepsy, or autism.
4. The person was given a date rape drug. A date rape drug, also known as a predator rape, is considered a sexual assault carried out when a person has become incapacitated due to being under the influence of any mind-altering substances. (State of Michigan).

Dating Violence: Violence committed by a person (1) who is or has been in a social relationship of a romantic or intimate nature with the victim, and (2) the existence of such a relationship shall be based on the reporting party's statement and with consideration of the length of the relationship, the type of the relationship, and the frequency of interaction between the persons involved in the relationship. For the purposes of this definition dating violence includes, but is not limited to, sexual or physical abuse or the threat of such abuse. Dating violence does not include acts covered under the definition of domestic violence (Clery) (The State of Michigan does not have a Dating Violence statute).

Domestic Violence: Felony or misdemeanor crimes of violence committed: (i) by a current or former spouse or intimate partner of the victim; (ii) by a person with whom the victim shares a child in common; (iii) by a person who is cohabitating with or has cohabitated with the victim as a spouse or intimate partner; (iv) by a person similarly situated to a spouse of the victim under the domestic or family violence laws of the jurisdiction in which the crime of violence occurred; or (v) by any other person against an adult or youth victim who is protected from the person's actions under the domestic or family violence laws of the jurisdiction in which the crime of violence occurred (Clery). State of Michigan: assault and assault and battery of his

or her spouse or former spouse, an individual with whom he or she has had a child in common, a resident or former resident of the same household, an individual with whom he or she has had a dating relationship, a person who is cohabitating with or has cohabitated with the victim as a spouse or intimate partner, a person similarly situated to a spouse of the victim under the domestic or family violence laws, or any other person against an adult or youth victim who is protected from that person's acts under the domestic or family violence laws of the jurisdiction (State of Michigan).

Felony or misdemeanor crimes of violence (including threats or attempts) committed by a current or former spouse of the victim, by a person with whom the victim shares a child in common, by a person who is cohabitating with or has cohabitated with the victim as a spouse, by a person similarly situated to a spouse of the victim under the domestic or family violence laws of the jurisdiction receiving grant monies, or by any other person against an adult or youth victim/survivor who is protected from that person's acts under the domestic or family violence laws of the jurisdiction receiving grant monies. It should be understood that domestic violence/dating violence applies to any pattern of coercive behavior that is used by one person to gain power and control over a current or former intimate partner or dating partner. This pattern of behavior may include physical or sexual violence, emotional and psychological intimidation, threats, verbal abuse, stalking, isolation, and economic control. In compiling domestic violence figures, grantees should include grant funds directed at dating violence (VAWA).

Drug Abuse Violation: Violation of state and local laws relating to the unlawful possession, sale, use, growing, manufacturing, and making of narcotic drugs. Drug paraphernalia is illegal in Lenawee County (Local Ordinance).

Economic Abuse: The term 'economic abuse', in the context of domestic violence, dating violence, and abuse in later life, means behavior that is coercive, deceptive, or unreasonably controls or restrains a person's ability to acquire, use, or maintain economic resources to which they are entitled, including using coercion, fraud, or manipulation to:

Harassment does not include constitutional protected activity or conduct that serves a legitimate purpose (State of Michigan).

SIENA HEIGHTS UNIVERSITY HAZING POLICY

Purpose: The Stop Campus Hazing Act (SCHA) amends the Higher Education Act of 1965 to require all colleges and universities to disclose hazing incidents in their Annual Security Reports (ASR). The SCHA mandates that all colleges and universities define hazing, compile statistics on reported cases, and establish transparent policies for reporting and prevention. The purpose of this policy is to establish Siena Heights University's Anti-Hazing Policy, notify students, coaches, faculty, staff and others in the University community about their responsibilities regarding hazing, identify how the University will implement this policy, and identify resources to assist in reporting hazing or suspected hazing and violations of this policy.

Policy Statement: Pursuant to the Stop Campus Hazing Act (SCHA) and Michigan's Anti-Hazing Law, MCL 750.411t (Garrett's Law), Siena Heights University does not tolerate hazing. Organizations or individuals found responsible for hazing under this policy, whether occurring on or off campus may be subject to disciplinary action including expulsion from the University, and/or civil or criminal penalties and prosecution.

Organizations include the national or parent organization of which any of the underlying entities provided for in the definition of student organizations below is a sanctioned or recognized member at the time of the hazing.

Definitions:

Student Organization: Siena Heights University prohibits students, and recognized organizations including student organizations, from engaging in hazing as defined by the federal SCHA and Michigan's Anti-Hazing Law, MCL 750.411t. An organization at Siena Heights University includes, but is not limited to: a club, society, corps, service group, association, fraternity, sorority, spirit group, athletic teams, club sports team, student government, music, band, and art organizations, and all other student groups or organizations in which two or more of the members are students enrolled in the University, whether or not the organization is established or recognized by the University,

Pledging is any action or activity related to becoming a member of an organization, including recruitment and rushing. Hazing of pledges is also strictly prohibited by the University.

Application: This policy applies to:

- Students enrolled in the University
- Minors participating in university-sponsored youth programs and educational programs
- Any organization operating as a recognized student organization by the University
- A group of two or more student members, whether or not established or recognized by the University.

Hazing is strictly prohibited at all Siena Heights University campus locations and in all activities, programs, and organizations associated with Siena Heights University, whether on or off campus. All hazing incidents will be investigated under our student code of conduct and will be handled through the student conduct office by the Dean of Students in conjunction with Siena Heights DPS and Adrian Police Department if necessary. Please refer to the student code of conduct at <https://www.sienaheights.edu/wp-content/uploads/2024-2025-Student-Code-of-Conduct-Final.pdf>

The SCHA requires institutions of higher education to report hazing incidents on their annual security report and adopt specific policies to report hazing incidents, investigate and adjudicate hazing complaints and to help prevent hazing by establishing campus wide hazing education prevention programs.

“Hazing”-Federal Law Definition:

The SCHA defines hazing as “any intentional, knowing, or reckless act committed by a person whether individually or in concert with other persons, against another person or persons, regardless of the willingness of the other person or persons to participate, that:

I. is committed in the course of an initiation into, an affiliation with, or the maintenance of member in, a student organization; and

II. causes or creates a risk, above the reasonable risk encountered in the course of participation in the institution of higher education or the organization (such as the physical preparation necessary for participation in an athletic team), of physical or psychological injury including-

- A. whipping, beating, striking, electronic shocking, placing of a harmful substance on someone’s body, or similar activity;
- B. causing, coercing or otherwise including sleep deprivation, exposure to the elements, confinement in a small space, extreme calisthenics, or other similar activity;

- F. any activity against another person that includes a criminal violation of local, State, Tribal, or Federal law; and G. any activity that induces, causes, or requires another person to perform a duty or task that involves a criminal violation of local, State, Tribal, or Federal law.

State of Michigan Law on Hazing/Criminal Punishment for Hazing:

<https://www.legislature.mi.gov/Laws/MCL?objectName=mcl-750-411t>

In addition to Siena Heights University's Policy on Hazing and the disciplinary action/ penalties under the University's Student Code of Conduct, the State of Michigan has criminalized certain types of hazing at educational institutions, including colleges and universities under "Garrett's Law", MCL 750.411t. Under Garrett's Law, hazing includes an intentional, knowing, or reckless disregard act by a person acting alone or acting with others that is directed against an individual and that person knew or should have known endangers the physical health or safety of the individual, and that is done for the purpose of pledging, being initiated into, affiliating with, participating in, holding office in, or maintaining membership in any organization. It is not a defense to a prosecution under Garrett's Law that the individual against whom hazing was directed, consented or acquiesced in the hazing. The criminal definition of hazing and penalties can be found in "Garret's law" under MCL Section 750.411t. See below:

THE MICHIGAN PENAL CODE (EXCERPT)

Act 328 of 1931

750.411t Hazing prohibited; violation; penalty; exceptions; certain defenses barred; definitions; section title.

Sec. 411t.

(1) Except as provided in subsection (4), a person who attends, is employed by, or is a volunteer of an educational institution shall not engage in or participate in the hazing of an individual.

(2) A person who violates subsection (1) is guilty of a crime punishable as follows:

(a) If the violation results in physical injury, the person is guilty of a misdemeanor punishable by imprisonment for not more than 93 days or a fine of not more than \$1,000.00, or both.

(b) If the violation results in serious impairment of a body function, the person is guilty of a felony punishable by imprisonment for not more than 5 years or a fine of not more than \$2,500.00, or both.

(c) If the violation results in death, the person is guilty of a felony punishable by imprisonment for not more than 15 years or a fine of not more than \$10,000.00, or both.

(3) A criminal penalty provided for under this section may be imposed in addition to any penalty that may be imposed for any other criminal offense arising from the same conduct.

(4) This section does not apply to an individual who is the subject of the hazing, regardless of whether the individual voluntarily allowed himself or herself to be hazed.

(5) This section does not apply to an activity that is normal and customary in an athletic, physical education, military training, or similar program sanctioned by the educational institution.

(6) It is not a defense to a prosecution for a crime under this section that the individual against whom the hazing was directed consented to or acquiesced in the hazing.

Subject to subsection (5), hazing includes any of the following that is done for such a purpose:

(i) Physical brutality, such as whipping, beating, striking, branding, electronic shocking, placing of a harmful substance on the body, or similar activity.

CRIME STATISTICS SUMMARY

SIENA HEIGHTS UNIVERSITY ADRIAN CAMPUS

This data reports criminal offenses and was compiled according to the guidelines of the Student Right to Know Act, enacted in 1997, and all its revisions. These statistics also include “any building or property that is within or reasonably contiguous geographic area of the institution,” in compliance with the “Right to Know Act” specifications.

The Daily Crime Logs will not match statistics listed in the Safety Handbook because the Daily Crime Logs use plain language and the statistics are classified by the Uniform Crime Reporting (UCR) system.

For the Adrian campus; trip crime statistics are included in the non-campus categories. Definition of trip for Clery purposes is: Repeated use of location for school sponsored trip (overnight trip every year staying in same hotel) and Short-stay “away” trips (more than one night with controlled locations used by students and used to support educational purposes). These statistics are requested annually from the law enforcement agencies in the jurisdiction of the trip location.

CRIME STATISTICS SUMMARY

Siena Heights University
Degree Completion Centers

This data reports criminal offenses and was compiled according to the guidelines of the Student Right to Know Act, enacted in 1997, and all its revisions. These statistics also include “any building or property that is within or reasonably contiguous with the, geographic area of the institution,” in compliance with the “Right to Know Act” specifications. The data is for the SHU program, not the entire host campus. To get statistics for each of these campuses, see the contact information below. No degree completion center has residence halls, so data is not compiled for residence hall crimes.

STATEMENT OF RESPONSIBILITIES

The freedom experienced by all members of the Siena Heights University community does not permit any member to interfere with the personal growth of others. To ensure that this environment is maintained, a conduct system for students has been established. This system is viewed by the university as the part of the educational experience which occurs when a student's conduct interferes with the University's responsibility for ensuring that all members of the community can attain their personal and professional goals. Employee discipline procedures and the student code of conduct system is outlined later in this document.

The conduct system is enacted when alleged infractions occur of the University's code of conduct, other policies, a crime or crimes are committed. Detailed lists of possible infractions are located in the student handbook and employee handbook. The University's actions are separate from criminal charges, prosecution or conviction. The goals and structure of the conduct system are outlined in the student handbook, including processes that allow both accused and accuser the same opportunities to have others present during University disciplinary proceeding.

All policy disclosures in this handbook are applicable to all students, and employees on all campuses of Siena Heights University.

Siena Heights University complies with all federal, state, and local laws, including those, which regulate the possession, use and sale of alcoholic beverages and controlled substances. As an educational institution, Siena Heights University is committed to the development of a health environment, which stimulates intellectual and personal development in students as well as assuring their physical well-being. Inappropriate behavior concerning alcohol, to include underage drinking, is prohibited for students and employees. Complete details are available in the Student Code of Conduct and the Employee Handbook. The possession, consumption, sharing or sale of any controlled substance is prohibited. The student handbook and employee handbook details offenses and sanctions, including but not limited to online alcohol and drug abuse programs, probation, time without pay, suspensions, employment termination and student expulsion.

The Adrian Police Department may be called in for any suspicion of illegal drug use or possession on the Adrian Campus. The Siena Heights University Wellness Team offers referrals and assistance to students during mental health emergencies. The Wellness Team is located in the Health Services and Counseling Centers on the Adrian campus in Ledwidge Hall. Siena Heights University Human Resources offers referrals and assistance to employees in the form of an Employee Assistance Program. Educational programs, open for employees and students, addressing substance abuse and related issues are sponsored throughout the academic year on the Adrian Campus.

The Drug-Free Schools and Communities Act Amendments of 1989 required the adoption of an alcohol and drug policy and program by October 1, 1990. Under this policy/program, the unlawful possession, use, or distribution of alcohol or illicit drugs by employees or students on any Siena Heights University Campus or as a part of any University activity on or off University leased or owned property, may lead to sanctions/discipline with in the University; the severity of which shall increase as the seriousness of the violations increase.

Handling Alcohol Emergencies

Call Siena Heights University Department of Public Safety at 517.264.7800 or 911 if a person has passed out because of excessive alcohol use.

A potentially dangerous situation exists whenever an individual consumes too much alcohol. A high blood alcohol concentration level can result in bizarre, unpredictable behavior and/or unconsciousness. Too high of a blood alcohol concentration level can result in death. The degree of danger depends on the person's size, what and how much the person drank, during what time period, whether the person took drugs in addition to alcohol and other circumstances.

Get help immediately if...

- The person cannot be aroused by shaking or shouting.
- The person's breathing is shallow, irregular or slowed to less than seven breaths per minute.
- The person sustained a blow to the head or any injury that caused bleeding.
- The person drank a large quantity (e.g. a pint of liquor) or is disoriented, incoherent or has collapsed.

What to do

- Check regularly for breathing and consciousness.
- Roommates and friends should arrange to stay by the person's bed side. The person's position is important.
- Make sure the person is laying on their side, with knees bent.
- This position will deter choking should the person vomit.
- Warning: care should be taken in moving an unconscious victim who may have a back and/or neck injury.
- If the person vomits, stay with them to see that they do not swallow or breathe in the vomit.
- Get immediate help if the person has difficulty expelling the vomit or gags on it.

Sexual Misconduct, Dating Violence, Domestic Violence, Stalking, Sexual Harassment, and Other Acts of Sex and Gender Discrimination +

Siena Heights University Student Code of Conduct and the Employee Handbook prohibits sexually violent acts, termed “Sexual Misconduct” by the University, which can be crimes as well. Sexual misconduct includes non-consensual sexual intercourse, non-consensual sexual conduct, sexual exploitation, interpersonal/relationship violence, stalking, and sexual harassment. While the University utilizes different standards (Preponderance of the evidence for both student and employee conduct+) and definitions than the State of Michigan Code, sexual misconduct often overlaps with the crimes of rape, sexual assault, sexual harassment, stalking, dating violence, and domestic violence. Victims of these behaviors are protected by federal laws, specifically Title IX, and the Clery Act, which mandates the contents of this report.

Items noted with an * will be provided in writing as a stand-alone document to victims of Sexual Misconduct, Dating Violence, Domestic Violence, Stalking, Sexual Harassment, and Other Acts of Sex and Gender Discrimination.

+ indicates information provided to employees and students in writing.

It is the policy of Siena Heights University to notify local law enforcement when sexual misconduct occurs that rises to the level of a violation of the State of Michigan Code (see definitions section in this document). *A victim has the right to decline reporting to law enforcement, unless an emergency requires disclosure. *Victims have the option to notify law enforcement directly, or to be assisted in doing so by campus authorities. *If requested, campus officials can facilitate reporting to local law enforcement.

In an effort to reduce the risk of sexual misconduct as well as the crimes of rape, sexual assault, sexual harassment, stalking, dating violence, and domestic violence occurring among the University community, the University utilizes a range of campaigns, strategies, and initiatives to promote awareness, education, risk reduction, and prevention programming.

It is the policy of Siena Heights University to offer programming to identify and prevent domestic violence, dating violence, sexual assault (including stranger and known offender assaults), and stalking each year. Educational programs are offered to raise awareness for all incoming students and new employees, and are often conducted during new student and new employee orientation. Programs and other campaigns offered throughout the year to all students and employees include strong messages regarding not just awareness, but also primary prevention (including normative

messaging, environmental management, and bystander intervention), and discuss institutional policies on sexual misconduct as well as the State of Michigan definitions of domestic violence, dating violence, sexual assault, stalking, and consent in reference to sexual activity. Programs also offer information on risk reduction that strives to empower victims, how to recognize warning signals and how to avoid potential attacks, and do so without victim-blaming approaches. Examples include but are not limited to:

- Bystander intervention training programs,
- Sexual harassment on line module,
- Presentations,
- Guest speakers,
- Self-defense courses,
- Athletic teams and coaches trainings,
- Faculty/staff forums,
- Student leader trainings,
- Student senate presentations,
- Environmental management,
- Social media campaigns,
- Take back the night walk,
- Clothes line displays,
- Web pages,
- University employee on line portal page,
- Prominent window clings,
- April Sexual Assault Awareness month campaigns,
- Mandatory faculty/staff trainings,
- Public Safety trainings including but not limited to trauma based interviewing,
- Tip line,
- Campus Security Authority training—A complete listing is provided later in this document.

Programs are informed by evidence-based research and/or are assessed for their effectiveness.

Bystander engagement is encouraged through safe and positive intervention techniques and by empowering third-party intervention and prevention such as calling for help, using intervention-based apps, identifying allies, and/or creating distractions. Bystander empowerment training highlights the need for those who intervene to ensure their own safety in the intervention techniques they choose, and motivated them to intervene as stakeholders in the safety of the community when others might choose to be bystanders.

In the event that sexual misconduct, gender-based violence, or the crimes of sexual assault, stalking, dating violence or domestic violence do occur, the University takes the matter very seriously. The University employs interim protection measures such as interim suspensions and/or no contact orders in any case where a person's behavior represents a risk of violence, threat, pattern, or predation. If someone is accused of sexual misconduct, other gender-based violence, or the crimes of rape, sexual assault, sexual harassment, stalking, dating violence, or domestic violence, s/he is subject to action in accordance with the Student Code of Conduct and/or the Employee Handbook. Anyone, including but not limited to students, faculty, staff, and guests, wishing to officially report such an incident may do so by contacting:

- *+Title IX Coordinator 517-264-7109 Sacred Heart Hall
- *+Public Safety 517-264-7799 Ledwidge Hall Welcome Center
- *+Local Law Enforcement 911

*If you are the victim of sexual misconduct, gender-based violence, or the crimes of rape, acquaintance rape, sexual assault, sexual harassment, stalking, dating violence, or domestic violence, some or all of the safety suggestions may guide you after an incident has occurred:

Preserving Evidence*

- *For your safety and wellbeing, immediate medical attention is encouraged. Further, being examined as soon as possible, ideally within 120 hours, is important in the case of rape or sexual assault. The hospital will arrange for a specific medical examination at no charge or can work with you to arrange state reimbursement (see Forensic Medical Exam Payment at end of this section).
- *It is recommended that you do not bathe, shower, douche, eat, drink, smoke, brush your teeth, urinate, defecate, or change clothes before receiving medical attention. Even if you have already taken any of these actions, you are still encouraged to have prompt medical care, and evidence may still be recoverable.
- *Typically, if police are involved or will be involved, they will obtain evidence from the scene, and it is best to leave things undisturbed until their arrival. They may gather bedding, linens or unlaundered clothing, and any other pertinent articles that may be used for evidence. It is best to allow police to secure items in evidence containers, but if you are involved in transmission of items of evidence, such as to the hospital, secure them in a clean paper bag or clean sheet to avoid contamination.
- *If you have physical injuries, photograph or have them photographed, with a date stamp on the photo.
 - *Other considerations: record the names of any witnesses and their contact information. This information may be helpful as proof of a crime, to obtain an order of protection, or to offer proof of a campus policy violation.

- *Try to memorize details (e.g. physical description, names, license plate number, car description etc.) or even better, write notes to remind you of details, if you have time and the ability to do so.

Contact the Title IX Coordinator at 517-264-7109 or Public Safety at 517-264-7799 if you need assistance with University concerns, such as no-contact orders or other protective measures. The Title IX Coordinator or Public Safety will also assist if any needed advocacy for victims who wish to obtain protective or restraining orders from local authorities. The University is able to offer reasonable academic supports, changes to living arrangements, transportation resources or modifications, escorts, no contact orders, and other supports and resources as needed by a victim*. The University is able to offer information about legal assistance, visa/immigration assistance, and student financial aid considerations for victims*. Below is a chart to assist with the overlapping of the various definitions. Full definitions are provided to the Siena Heights University for educational and awareness purposes.

Consent:

- State of Michigan—There is no legal definition of consent but there are four ways in which a person is unable to give consent with regards to criminal sexual conduct according to the Michigan Penal Code: The person is underage. Age of consent is 16. The person is intoxicated. The person has a developmental disability. The person was given a date rape drug.
- Clery—No definition of consent in the Clery law.
- Siena Heights University student and employee—Consent must be informed, freely given and mutual. If coercion, intimidation, threats, or physical force are used there is no consent. If a person is mentally or physically incapacitated or impaired so that such person cannot understand the fact, nature or extent of the sexual situation, there is no consent: this includes impairment or incapacitation due to alcohol or drug consumption or being asleep or unconscious. Inducement of incapacitation of another with the intent to affect the ability of an individual to consent or refuse to consent to sexual contact almost always, if not always, negates consent. Silence does not necessarily constitute consent. Whether a person has taken advantage of a position of influence over an alleged victim may be a factor in determining consent.

Siena Heights works with local law enforcement to assist with receiving timely information concerning potential threats to the safety of the campus community.

Emergency Notification

Scope: Wide focus on any significant emergency or dangerous situation (may include Clery Act crimes).

Why: Emergency notification is triggered by an event that is currently occurring on or imminently threatening the campus. Initiate emergency notification procedures for any significant emergency or dangerous situation occurring on the campus involving an immediate threat to the health or safety of students or employees.

Where: Applies to situations that occur on your campus.

When: Initiate procedures immediately upon confirmation that a dangerous situation or emergency exists or threatens.

Siena Heights University will, without delay, and taking into account the safety of the community, determine the content of the notification and initiate the notification system, unless issuing the notification will, in the professional judgment of responsible authorities, compromise efforts to assist a victim or to contain, respond to, or otherwise mitigate the emergency.

Process for notifications during a threat to the health or safety of students or employees on campus:

- Siena Heights University Department of Public Safety is alerted to an emergency situation, notification could come from, but not limited to: police scanner, CSA, community member, tip line, neighbors, switchboard, hotline, email, voicemail, host campus safety or security, or Adrian campus Public Safety patrol officer observations
- Emergency response authorities will conduct an assessment of the threat. Siena Heights University Department of Public safety will verify if there is a legitimate emergency or dangerous situation that may threaten the safety of any Siena Heights University Campus
- Once verified, then the decision for which appropriate segment(s) of the campus community will be determined by the specifics of the situation. i.e. An immediate threat to the health or safety on the Lansing Campus the emergency notification will be issued by Siena Heights University Public Safety and/or authorized campus authorities (see list below) for the Lansing Campus only
- The communication protocol will determine the content of the notification. For most types of emergencies the University mass notification system has pre-scripted mass notification messages (predetermined by the university crisis response team coordinator), this is to ensure that the emergency notification can be issued out to the community without delay. Large events with public broadcast systems are given pre-scripted emergency plans and notifications developed for the specific event by Siena Heights University Public Safety
- The following University employees have the authority to issue University Emergency Notifications:
 - o Chief of Public Safety
 - o Deputy Director of Public Safety
 - o Emergency Manager
 - o Communications Director
 - o Assistant Communications Director
 - o Highest ranking Public Safety Command
- Siena Heights University has a crisis response team and a CARE team (behavior intervention team). Different professionals are called upon for their expertise depending upon the type of emergency. Examples of offices or individuals involved in other decisions or actions include but not limited to:
 - o University President Office
 - o University Information Systems Office
 - o Local Police Departments

- o County Emergency Managements
- o County Sheriff Departments
- o Michigan State Police
- o Local Fire and Rescue
- o University Maintenance and Custodial services
(host campus if not on the Adrian campus)
- o Adrian campus only – Residence Life office
- o University business manager
- o University communications office
- o University public safety or host campus public safety/security
- o Local hospitals

Siena Heights University mass notification system (SHU Alerts) is available to the larger community, including parents, neighbors, etc.

SHU ALERTS Mass Notification System

Siena Heights University introduces a state-of-the-art notification system which instantly sends emergency messages to faculty, staff, students, parents and alumni. Once registered for SHU Alerts, users will receive alerts via mobile phones (via SMS text message), University and/or personal e-mail accounts, and/or the University web page. Implementation of the SHU Alert system will allow the University to quickly and efficiently contact every registered member of the University in the event of an emergency, crisis situation, school closing or other events requiring emergency notifications. SHU Alerts are available for all of the Siena Heights University campuses located throughout Michigan.

Siena Heights University will conduct annual scheduled drills, exercises, and appropriate follow-through activities, designed for assessment and evaluation of emergency plans and capabilities. These tests will assist with evaluating procedures for emergency response evacuation and notification systems annually. In conjunction with the annual tests, emergency and evacuation procedures will be published. These tests might be announced ahead of time or they might be unannounced. Tests are documented and kept for seven years in the Department of Public Safety. The documentation includes the description, date, and times of the tests.

Siena Heights University strongly encourages faculty, staff, students, parents and alumni to register – it only takes a minute. Users sign up for this service at no cost to the user unless their wireless service agreement charges for receiving text messages. This service is completely confidential; no information will be shared or sold. For more information check it out at: <https://www.sienaheights.edu/who-we-are/campus-safety/shu-alerts-sign-up/>

EMERGENCY RESPONSE

Siena Heights University Public Safety (SHU DPS) Officers have received training in Incident Command and Responding to Critical Incidents on campus. When a serious incident occurs that causes an immediate threat to the campus, the first responders to the scene are usually SHU DPS, Adrian Police Department, and the Adrian Fire Department, and they typically respond and work together to manage the incident. Depending on the nature of the incident, other SHU departments and other local or federal agencies could also be involved in responding to the incident.

General information about the emergency response and evacuation procedures for SHU are publicized each year as part of the Institution's Clery Act compliance efforts and that information is available on the SHU web site. Detailed information about and updates to the SHU crisis response manual are available via SHU crisis response coordinator.

Members of the University community are expected to notify the SHU DPS of any situation or incident on campus that involves a significant emergency or dangerous situation that may involve an immediate or ongoing threat to the health and safety of students and/or employees on campus. SHU DPS has the responsibility of responding to, and summoning the necessary resources, to mitigate, investigate, and document any situation that may cause a significant emergency or dangerous situation. In addition, SHU DPS has a responsibility to respond to such incidents to determine if the situation does in fact, pose a threat to the community. If that is the case, Federal Law requires that the institution immediately notify the campus community or the appropriate segments of the community that may be affected by the situation.

ACTIVE SHOOTER

In the event of an active shooter:

- **IF IT IS SAFE TO DO SO: RUN**, evacuate the area, leave belongings, warn others, keep your hands visible, follow instructions from emergency responders, call 911/Public Safety when safe to do so.
- **IF IT IS UNSAFE TO EVACUATE: HIDE**, secure the room you are in, lock doors if you can, barricade the door with whatever you can, if you are in a hall get into a room, be out of sight, be quiet, remain calm, hide behind large heavy objects that may offer protection, call 911/Public Safety when safe to do so, follow instructions from emergency responders, do not unsecure the area until instructed to do so by law enforcement.
- **AS A LAST RESORT: FIGHT**, only when your life is in imminent danger, attempt to disrupt and/or incapacitate the shooter, act quickly and aggressively, throw objects or improvise weapons, be loud and assertive, commit to your actions, a temporary disruption may provide a chance to run.

Siena Heights University Department of Public Safety maintains a close, cooperative relationship with the Adrian Police Department, and provides information of potentially threatening crime-related activity within the immediate area of the University to encourage the campus community to be responsible for their security and that of others.

SAFETY TIPS

VEHICLE SAFETY

- Have your keys in hand before you reach your parked vehicle.
- Check the area surrounding your vehicle.
- Check the interior of your vehicle before entering it.
- If you have vehicle problems in a questionable area, drive on until you reach a safe, well-lit area.
- Make a habit of keeping car doors locked.
- Park in a well lit area preferably someplace highly visible with plenty of activity.

RESIDENCE HALL SAFETY

Although the residence halls are generally a very safe environment, they are not without crime. The majority of crimes in the residence halls involve the theft of personal property. Few of these thefts involve forced entry, and most offenses fall into the category of “crimes of opportunity.” Effective security and protection of people and property are the primary responsibilities of all members of the campus community. We encourage students to be security conscious at all times.

SAFETY TIPS

RESIDENCE HALL SAFETY

1. Do not prop open locked residence hall doors.
2. Lock your door when sleeping.
3. Lock your room when leaving a roommate asleep inside.
4. Lock your door when you leave, regardless of the length of time you plan to be gone.
5. Keep small items of value, such as wallets, money and jewelry, out of sight; preferably in a small safe.
6. Take advantage of the free engraving and registration of electronic devices with the Department of Public Safety.
7. Mark all clothing with a laundry pen or needle and thread, in a place other than the label.
8. Do not leave notes on your door announcing that no one is in.
9. Do not take in overnight guests whom you do not know.
10. Do not allow door-to-door salespeople to enter your room. University policy prohibits soliciting and the alleged salesperson may be “casing” your room for later theft.
11. Never lend out your room key.
12. Report all thefts immediately to Public Safety, 517.264.7800.
13. Report to the residence hall staff all doors, locks and windows that are in need of repair.
14. Be suspicious of unknown persons loitering or checking doors in your hall. Note their descriptions and call Public Safety immediately.
15. Do not invite people you “meet” on the internet to your room, or to stay overnight in your room.
16. Properly check in all guests with Public Safety.

Policy Regarding the Use and Possession of Hover Boards and Similar Devices (1/07/16)

Recent information has revealed that the batteries in the devices are dangerous and prone to explosion, creating a safety and fire risk. Until a time that the safety standards of these devices are improved, Siena Heights University Public Safety has prohibited them from being on the Adrian campus, including storage in any University housing. Effective immediately, the use, possession, or storage of Hoverboards, Swagways, IO Hawks, Skywalkers, and similar devices, is prohibited on campus until safety standards for them can be developed and implemented, and the prohibition lifted.

If you have one of these devices please remove it from campus. If you received or purchased one of these devices while off campus you will not be able to have it on campus and if it is found it will be confiscated. Violation of this policy will result in referral to student conduct and/or human resources and removal of the device.

The Flight of Unmanned Aircraft Systems (UAS) Require University Approval

Siena Heights University requires that anyone bringing an Unmanned Aircraft System (UAS) or “drone” to any of the university campuses, must register use and get permission for use from the Risk Management Department. This is designed to ensure the safety of the campus community in addition to protecting the privacy of others. UAS operators must also comply with applicable federal, state, and local laws.

All operation and use of unmanned aircraft systems (UAS) and model aircraft on or above university property must comply with federal aviation administration (FAA) regulations, and any local, state and federal laws. Any operation or use violating such regulations and laws is prohibited. It is the responsibility of the operator to ensure compliance with all applicable laws. (E) Enforcement and penalties (1) Any person operating a UAS or model aircraft on university property without University Risk Management approved; in violation of their FAA approved status or any federal, state or local law; or, in violation of university policies, may be advised by University Public Safety or any university representative with control or jurisdiction over the activity to cease operation immediately until appropriate approval is received. (2) Student violations maybe addressed in accordance with the code of student conduct, as well as other applicable policies and may include sanctions, up to and including expulsion. (3) Employee violations may be resolved in accordance with university disciplinary policies, up to and including termination. (4) Any violators of local, state and federal laws and regulations may be addressed by appropriate law enforcement or FAA authorities.

CRIME PREVENTION CONT.—DEPARTMENT OF PUBLIC SAFETY

The Siena Heights University Public Safety Department is committed to providing you with respectful and professional service. While we can promise you a committed effort to ensure your safety, we are of course unable to promise total isolation from crime.

Therefore, it is important that each of you takes responsibility for your own safety. The key to preventing crime is awareness which is best achieved through education.

FACILITY ACCESS (Adrian Campus)

In the interest of security, access to campus facilities is somewhat restricted. The restrictions are based on the academic year. Specific details and time can be obtained from Public Safety 517.264.7800. Buildings, grounds, and parking lots are well lit. Trees and shrubs on the developed portion of the campus do not cause a security concern. Certain areas of campus will need pre-authorization for after-hours access.

The University takes proactive measures to ensure the security while maintaining campus facilities, including but not limited to, monthly fire safety checks (Adrian campus), monthly checks of emergency lighting (Adrian campus), monthly checks of egress lighting (Adrian campus). Each of the Siena Heights University campuses encourages all community members to report any unsafe facility concerns to maintenance or public safety.

TIPS FOR INTERNATIONAL STUDENTS

The Department of Public Safety welcomes you to Siena Heights University. The professional Public Safety staff is available 24 hours a day at the Ledwidge Hall Welcome Center or by phone at 517.264.7799 or “0” from a house phone. Our Public Safety Officers are trained in many aspects of crime prevention and community service. Below are a few important highlights for International Students. Additional safety tips are located in the remaining portions of this Campus Safety Awareness Handbook.

The International Student and the Law

As an international student, you are subject to US laws except those pertaining to immigration, voting rights and citizenship. You are also protected by US laws. Should you come into conflict with the law, the first people to contact are the International Student Advisors. They will let you know whom to contact next – either a lawyer or another responsible adult.

If an international student is accused of a violation of the law, international students (just like US citizens) may not be forced to confess or to give evidence against themselves; they may remain silent and refuse to answer any questions regarding the accusation against them, if they so choose. International students are entitled to have a lawyer to defend them in court, and if they cannot afford to hire a lawyer, they may have one appointed by the court. So, if an international student is arrested for any reason, they do not have to make any statements or answer any questions without legal counsel, i.e. a lawyer.

International students often worry that they will be deported should they come into conflict with the law. In general, they will not be deported for a single misdemeanor or a minor offense, e.g., larceny, disturbing the peace, etc. But if an international student is convicted of a crime involving “moral turpitude” for which they are then sentenced to one year or more in confinement, deportation is a real possibility. Charges relating to drug (narcotic drugs or marijuana) addiction, possession and sale fall into this category. Students who violate immigration laws and work illegally in the US may also be subject to deportation.

In addition to violation of the law, international students must consider several other related factors that may affect their immigration status.

TIPS FOR INTERNATIONAL STUDENTS CONT.

If an international student violates the rules of Siena Heights University and are disciplined by suspension or dismissal from the University, they will not have maintained legal status under the immigration laws, and can be deported for that reason. Students cannot be deported for violating a University regulation, but they can be deported for not being students in legal status. Also, sponsored students must keep in mind the regulations of the sponsoring agency. If those regulations are violated, the agency may withdraw financial and/or visa sponsorship. Finally, a student should consider the attitude of his/her home government toward any of his/her actions here, for the home/government is able to withdraw or cancel one's passport.

While many internationals may expect the US to be the "land of the free", it is often not long after arrival that sojourners realize this is a country of many rules and regulations. As you will see from the following description of some of the laws that may affect you, the rules and regulations are intended to protect the rights of the individual the basis for our legal system.

U.S. Criminal Sexual Conduct Code

It is important to have an understanding of US law in the Criminal Sexual Conduct Code. Individuals have the right to stop sexual contact at any time. Violation of the Criminal Sexual Conduct Code ranges from forced rape to improperly (without consent) touching the clothed or unclothed intimate body parts of another person. Violation of these laws can result in a prison or jail term of one to forty years and/or a fine from \$3,000 to \$40,000. If you become a sexual assault victim, contact the Department of Public Safety.

Tobacco Products

Use of tobacco products on Siena Heights University property is prohibited. For most businesses in the Lenawee County area smoking is prohibited inside. If you want to smoke, first look for "no smoking" signs or ask an employee to find out if smoking is permitted. Cigarettes and other tobacco products may not be purchased or used by persons under the age of 21.

TIPS FOR INTERNATIONAL STUDENTS CONT.

Alcohol use in the United States is also regulated by law. In Michigan, alcohol may not be legally purchased or consumed by anyone under the age of 21, and it may not be consumed while in an automobile. Driving while intoxicated is considered a serious crime, punishable by large fines, jail sentences, and the loss of driving privileges. Bartenders and others who serve alcohol (such as hosts of parties) can be held legally responsible if a guest becomes intoxicated and injures another person. It is also a serious crime to offer or provide alcohol to anyone under the age of 21.

Bystander Intervention

Bystander intervention is the act of feeling empowered and equipped with the knowledge and skills to effectively assist in the prevention of sexual violence and other crimes. A bystander is anyone who observes an emergency or a situation that looks like someone could use some help. Bystander Intervention programs teach people how to safely overcome their natural resistance to intervene and how to “step up”. Siena Heights University offers a variety of bystander intervention programs throughout the academic year including Welcome Week.
